

# Bog Turtle Surveys

## *Wildlife Specialists, LLC*

**Wildlife Specialists, LLC, is experienced in bog turtle habitat assessment and presence/absence surveys and provides the thorough and efficient services necessary for sensitive habitat avoidance and environmental compliance.**

### **Services Include:**

- **Qualified Surveyors:** We have a Qualified Bog Turtle Surveyor on staff who is experienced with and trains our professional staff on the protocols established by the U.S. Fish and Wildlife Service.
- **Habitat Assessments:** Our Qualified Bog Turtle Surveyor along with staff will assess whether habitat sites within project areas have the potential to support bog turtle populations.
- **Presence/Absence Surveys:** Once potential bog turtle habitat is identified, surveys are conducted to determine the presence or absence of bog turtle populations. Staff are familiar with the techniques used to locate bog turtles within potential habitat.
- **Comprehensive Reporting:** Clients are provided with a comprehensive report containing all necessary information required by the regulatory agencies to evaluate a project. Specifically, we provide detailed site descriptions, high quality maps, photographs, and all data collected at each site.

### **Providing Services for:**

- Wind Energy Development
- Utility Rights of Way
- Oil & Gas Well Sites and Pipelines
- Mining
- Transportation
- Private Landowners
- Land Development Projects
